Hi Lisa,

Since Danielle is on vacation, I wanted to check with you about whether the AgBMP rules include a date by which farmers must implement the BMPs they select. The current versions state that the farmer/animal operator/irrigation district must complete a BMP General Permit Record Form, but did not see a date for implementation of the BMPs. I may have just missed it, but if not, that is important to include.

Thanks.

All,

I have made the requested small changes to the document. Please review.

There are also two possible substantial changes made to the document since the meeting that need to be reviewed:

- 1) P.16 Definition of "Unpaved roads or feed lanes"
- 2) P.30, R18-2-611.03(B) regarding the high risk BMP language for dairy operations.

All changes have been highlighted and some have comments to explain the changes (if there is no comment, it was a small change).

I will also be sending a series of emails with all of the forms for Pinal, Maricopa, and Moderate areas for review.

I am leaving today, so please do not reply to me regarding any questions, comments or changes that you'd like to make to the rulemaking document; please contact my supervisor, Lisa Tomczak at [Tomczak.Lisa@azdeq.gov](mailto:Tomczak.Lisa@azdeq.gov) or (602)771-4450.

Thank you,
